OBJECTIVE

I aim to find work/projects as a full stack web developer. Seeking to grow and develop skills as a Developer. Very open to Word Press projects as well.

SKILLS

Competent in HTML, CSS, Frameworks. JavaScript (jQuery), Node, Express. WordPress building and maintaining.

EXPERIENCE

LIONBRIDGE

September 2018 – December 2018

I worked remotely part time and would analyze and test relevance of user map queries. On Mapping applications based on user searching preferences.

BOOTLEGGERS COFFEE STORE

April 2017 – August 2017

Worked consistently under pressure to provide great coffee to customers. Dealing politely with clients and housekeeping.

WOODSTOCK GIN

Jan 2017 - March 2017

Trained in Bartending and great customer centered skills serving coffee and sometimes gin. Maintaining excellent work ethic.

EDUCATION

BSC COMPUTING (FEB 2018- JULY 2018)

University of South Africa

I studied 1 semester and courses taken were Introductory to Programming with c++, Discrete Mathematics, Management information systems.

FULL STACK WEB DEVELOPMENT

CODESPACE/LIFECHOICES

At Bootcamp we studied the following web development languages: HTML, CSS, SASS, and jQuery, JavaScript, Node and MongoDB. Professional Development and Design Thinking were additional modules taken.

ABOUT

I am an enthusiastic and progressive self-starter. I am dedicated to grow as a web developer. Have a love and passion for education and technology and People. I am an individual that strives for excellence through my work ethic and drive. I have a strong inner motivation to assertively create and implement new ideas with technology.
